Dear American Legion Boys State Citizen,

Congratulations and welcome to The American Legion Boys State family! American Legion Boys State is among the most respected and selective educational programs of government instruction for U.S. high school students. I am confident that you will not be disappointed with your decision to participate in this outstanding citizenship education experience. It will influence your life decisions in ways that you cannot fully appreciate until years later.

As one of the 20,000 young men who participate nationwide in this activity, you will experience government in a practical sense by actually participating in it. American Legion Boys State is a leadership action program; one that teaches government and its structure. It proves that government is just what you make it. You will find it to be challenging and sometimes tiring, and I'm certain you will always find it to be enjoyable and educational.

If this government "...of the people, by the people, and for the people" is to remain strong, it requires the involvement of its citizens. The onus of preparing for that responsibility now rests squarely upon your shoulders, and those of future generations. For eighty-three plus years, American Legion Boys State has been prominent in producing young men, just like you, ready to accept that responsibility.

I hope that those of you who are eligible for membership in the Sons of The American Legion will take advantage of the opportunity to join while you are at American Legion Boys State, and that when you return home you will also share information about the American Legion Family with your family and friends.

Again I extend best wishes for an interest-provoking, exciting and personally rewarding 2019 American Legion Boys State experience.

BRETT REISTAD

National Commander

## A Message from the Colorado Boys State Director

Welcome to American Legion Colorado Boys State!

During the week of Boys State you will be participating in a unique learning experience; one you will carry with you and will influence your life forever. The people you will meet and interact with will become friends for life. And someday when you least expect it, American Legion Boys State will pay off in valuable dividends.

It may happen sitting across a desk during a job interview, when your interviewer asks you about your Boys State experience and tells you that he or she is a Boys or Girls State Alumni. Or it may happen when you, as the interviewer, are reading a resume of a prospective employee and discover the person sitting across from you is a former Boys or Girls State citizen. Thousands of young men and women attend American Legion Boys State and American Legion Auxiliary Girls State every year. The network is incredible!

Our staff is here to assist you in creating your 51<sup>st</sup> state. They bring a variety of backgrounds, most being military veterans, all volunteering their time for you. Many of these heroes have served our country during time of war. I encourage you to engage them in conversations to learn from their experiences. They are here for you.

Finally, it is important you review this manual. It is your guide to making the most of your American Legion Colorado Boys State experience.

The American Legion is proud to offer you this opportunity to learn first-hand how our democratic form of government works. Enjoy this once in a lifetime experience, and remember the more you put into this program, the more you will gain.

Good Luck.

Director

## A Message from the Colorado Boys State President

Dear Boys State Citizen:

I would like to take this opportunity, on behalf of the Colorado American Legion Boys State Corporation and its staff, to welcome you to the beginning of a new and rewarding experience. We feel that Colorado Boys State is one of The American Legion's finest programs.

You have been selected to participate because you have demonstrated leadership qualities that this program will expand and enhance.

At Boys State you will begin at once to **learn by doing**. We will start the first night with the formation of your city government. As the week progresses, you will create county and state governments and actually function as the mythical 51st state.

It will not be an easy week as you must cope with time and pressure. You will accomplish more this week than in any other educational week thus far in your lives.

The staff will assist you as you develop Colorado Boys State. You will be seeing and hearing from me as we progress through the week. I know that upon graduation Friday you will have made this experience worthwhile for yourself and made me a proud satisfied President of Colorado Boys State Corporation.

Many former Boys State Citizens have gone on to greater heights in the political, military and public world. Some have become Governors, Senators, Congressmen, and Local Government Officials. This week not only will become a permanent part of your school record but it will benefit you in any endeavor you may pursue.

Again the Corporate Officer, Staff, Committee, and State Officials of The American Legion wish you a happy and a successful future.

## 6 IMPORTANT UNDERSTANDINGS

---

1. Every American has a priceless heritage of freedom that exceeds that known in other lands or in other times.
  2. American Democracy stresses the importance of the individual--your freedom, your rights, and your responsibilities.
  3. Freedom as we know it includes more than freedom of speech, of the press, and of religion. It also includes such privileges as freedom to choose one's work, to move about from place to place, to attend the school of one's choice, to invent, and to buy and sell.
  4. Every privilege enjoyed by American citizens carries an accompanying obligation, such as the obligation to vote, pay taxes, serve on juries, be informed about our government, and have well-informed opinions.
  5. Our forefathers established our pattern for freedom, but each generation contributes something to the total montage that we call "the American way of life".
  6. American Democracy is a slowly developing way of life. It has grown out of the struggles and hardships of the early settlers; the initiative, the ingenuity and the resourcefulness of people of the past as well as the present.
  7. The literature, art, and music of our country reflect American life during the various periods of our nation's growth.
  8. To safeguard our hard-won freedom and to insure our priceless rights, we created a government that serves the people instead of the state--a government that provides that the people shall govern themselves that the majority shall rule but the rights of the minority shall be protected.
  9. Knowledge of the development and growth of our nation and its institutions and knowledge of the basic documents that guarantee our rights and freedoms are essential to a real understanding and appreciation of the American way of life.
  10. Education for all is a basic tenet of representative government and is essential to its most effective functioning.
  11. People need to understand and want constitutional democracy as well as being willing to work for it before they can appreciate its value and the importance of maintaining it.
  12. A good citizen is alert to dangers to our democratic way of life that a rise from within or without.
  13. Many great issues face the nation today, and we cannot have it both ways:
    - a. We cannot have a thriving country and not work and plan.
    - b. We cannot be independent and dependent--a choice must be made.
    - c. We cannot guarantee security with hope and wishes.
    - d. We must stop demanding our future from others instead of ourselves.

## **8 WHAT IS COLORADO BOYS STATE?**

---

### **OBJECTIVES OF THE PROGRAM**

Boys State is a plan for teaching the fundamental aspects of citizenship. It is a program of education sponsored by the American Legion, Department of Colorado. Its purpose is to teach our youth constructive attitudes toward the American form of government. Boys State attempts to show that a democracy needs an intelligent citizenry and a clean, honest, and impartial administration responsive to the will of the people.

The objective of Colorado Boys State is to "educate our youth in the duties, privileges, rights, and responsibilities of American citizenship." It is wholly a plan for training in the practical aspects of government. It is functional in that applications of the principles of democratic government are made in every way possible. The constitution and statutes of Colorado and the United States are the patterns from which the fundamental law of Colorado Boys State has been developed and to be followed. Boys State should be thought of as being the 51st state with a constitution, statutes, and ordinances already constructed and established by Colorado and amended by Boys State citizens.

### **LEARN BY DOING**

Citizens of American Legion Colorado Boys State not only will be required to review knowledge already acquired concerning the political machinery of a state, but also will find themselves performing exactly the same functions as real office holders in the everyday world.

In Boys State, citizens organize their own city, county, and state governments. We choose their own officials in accordance with regular election procedures. We learn the duties of the various city, county, and state officers, and they introduce and debate their own bills in a legislature. Justice is administered by their own law enforcement agencies and State Supreme Court. In Boys State, the young citizen has the opportunity to learn for himself that his government is just what he makes it.

The entire program is non-partisan. Problems will be considered without reference to any existing political party and will be free from propaganda. The sole purpose is to enable the citizen to grasp the meaning of some of the responsibilities that he will be called upon to assume when he becomes an adult. It should be distinctly understood that the selection and assignment of the citizens to parties is in no way connected with existing political parties in Colorado. The political parties in American Legion Colorado Boys State are called Nationalists and Federalists. They are purely mythical and the parties in Boys State will adopt none of the principles typifying any existing parties.

## 9 HISTORY OF AMERICAN LEGION BOYS STATE

---

The youth movement in the United States known as Boys State was originated by the Illinois Department of The American Legion in 1934. The plan was adopted by the national organization in 1935, and by the Department of Colorado in 1949. Boys State programs now exist in 49 states. Hawaii does not operate their own program but do send delegates to other states.

American Legion Colorado Boys State dates back to 1949, and has been held each year since then. Through the years, the program grew in popularity. In 2019, American Legion Colorado Boys State has upwards of 200 young men and hosted at the University of Colorado-Colorado Springs.

### BOYS NATION

The national organization of The American Legion conducts an annual Boys Nation program in Washington D.C., in July. Two outstanding citizens of each of the Boys State programs are selected as senators to Boys Nation.

The citizens of Boys Nation conduct a program patterned along the lines of our federal governmental system. All expenses incident to Boys Nation are borne by The American Legion. The Colorado Boys State Program Citizens select our Boys Nation delegates through popular vote.

# 10 TIPS ON HOW TO GET THE MOST OUT OF BOYS STATE

---

**Get With It Early** – Boys State officially opens at 1:00 pm Saturday, and by Tuesday afternoon, a governor, lieutenant governor, and two senators are elected, and a functional government is fully established. Elected US senators will represent Colorado Boys State at Boys Nation. Be prepared to hit the ground running.

- After the general session at 6:00 pm closes, each citizen will begin establishing a functional government at the local level. Then citizens get opportunities to being the political process with nominating and electing city and county officials. If you are planning to become a candidate, this is your time!
- Each city divides into their two parties to begin the nomination process for City elected positions
- When the city discusses the daily issues, let them hear from you. **Express your ideas.** Sunday morning, your city will have elected a mayor, a city council, a city treasurer, and a multitude of County government positions, as well as state representatives and senators. Be ready to go when you arrive.

**Things are Going to Happen Fast** - You can rest after you get home from Boys State. All citizens are going to help establish a functioning government and your part of it will be a direct result of what you reach for and can get help to achieve.

- If you seek an office and do not attain it, you'll have the ability seek the next office. If you're not elected to a position, you will have a role within the City or County and State Governments. Everyone will have a job; there is no unemployment at Boys State. Everybody wants to be elected to the office of governor or senator, but all cannot achieve these offices.
- If you don't succeed in obtaining an office, then join a campaign and stay active. Become a campaign manager, sign maker, intercity liaison, speechwriter, nominator, etc. There are plenty of positions that you can fill and remain workings of the government. Support your candidate and have him appoint you to a position within his cabinet. Don't stand back and let the others do it, or the week will be gone and you will have missed out the opportunities and enjoyment provided by Colorado Boys State.
- Draft bills and present them to the legislature to become an effective legislator.

**Give It Your Very Best** - Each citizen was selected to participate in Boys State because you were considered to be the best in your area. So were your fellow citizens. The only citizens who will not make any mistakes are those who do nothing, and they're making the biggest mistake of all. Let your imagination soar, let your talents get full exercise, let this week be the best effort of your lifetime.

**Work With Other Citizens** - Boys State is not a "one man against the world" operation. At the end of Boys State, you can say, "I ran for.... I presented a bill to the.... I caused the party platform to.... I nominated.... I was the party chairman.... and you will also be able to say, "I took part in a wonderful experience."

**Punctuality, Enthusiasm, Willingness** - To be a part of a great adventure, this will make this a valuable part of the rest of your life. Live it to the fullest. Start at the beginning and work hard during the entire week.

---

# 11 ELECTED AND APPOINTED OFFICES OF COLORADO BOYS STATE

---

The best way to get involved and make this into an exciting week is to **participate**. The election process is important in establishing a large number of offices, but there are many appointed positions that ensure that Colorado Boys State runs smoothly. This section outlines all of the available positions at the City, County, and State level. It is important to note that you can only be nominated for one City or County position, and you may only appear on the ballot once, with very few exceptions.

**Colorado Boys State Media Team:** A group of five (5) Boys State Citizens will be selected to form the Colorado Boys State Media Team. Guided by a counselor, the team will be responsible for publishing daily videos and pictures highlighting Colorado Boys State that will be shared via Facebook, YouTube, Twitter, Instagram, Snapchat, the Colorado Boys State website, and other media outlets. Additionally, the team will work to develop the Colorado Boys State News Paper.

Media team members should have experience or demonstrated talent in journalism, photography, and social media. Citizens selected to this team will gain valuable experience in writing stories, work as photographers, and interviewing fellow Boys State Citizens and guest speakers. Those interested should bring an example of their works.

## **FUNCTIONS AND DUTIES OF CITY OFFICIALS**

### **MOTIONS FOR SPECIAL PURPOSES**

For most purposes the process of moving, seconding, discussing, amending, and voting one proposal (main motion) after the other is all that is needed to conduct the business of a meeting. However, many other motions may interrupt the normal flow of business. These motions differ from main motions in that they are proposed for the purpose of taking a particular action on a main motion. Unlike main motions that introduce a subject to a group, these "special" or "secondary" motions are proposed for a

---

special reason or a particular purpose. If a member of a group has something in mind he would like to do, he may proceed as shown below.

### THE PURPOSE - THE MOTION

1. To present an idea
  - a. Main motion - "I move we hold a banquet."
  - b. Informal discussion - "I move we discuss the problem of fund raising informally."
2. To enforce correct procedure
  - a. Point of order - "I rise to a point of order" or "Point of order" (correct a mistake).
  - b. Parliamentary inquiry - "I rise to a parliamentary inquiry" or "Clarification" (ask a question).
  - c. Division - "I call for division" (vote by rising).
  - d. Appeal - "I appeal the decision of the chair" (let assembly decide).
3. To Change a motion
  - a. Amend - "I move to amend by adding the words 'next month'" or "by striking out..." or "by substituting..." (words, phrases, or motion).
  - b. Division - "I ask that the question be divided into two motions, the first to read..."
4. To regulate or stop debate
  - a. Limit debate - "I move to limit (or extend) debate by limiting each speaker to two minutes" or "limit debate to two speakers on each side."
  - b. Vote immediately - "I move to vote immediately on the motion."
  - c. Postpone temporarily - "Move to postpone the motion temporarily."
  - d. Postpone definitely - move to postpone motion until next meeting.
5. To delegate work: refer to committee - "I move to refer the matter to a committee of three."
6. To suppress a motion
  - a. Object to consideration - "I object to the consideration of the motion." Chairman says, "How many members wish to discuss it?"

  - b. Question of privilege - "I rise to a question of privilege. I'd like the window closed."
9. To change action already taken
  - a. Rescind - "I move to rescind (or repeal) the motion to build a new clubhouse."
  - b. Amend - "I move to amend the motion for a new headquarters, passed January 5, by taking out the limitation of \$500."
10. To consider a question again
  - a. Resume consideration - "I move we resume consideration of the motion to build a library, which was postponed temporarily at the November meeting".
  - b. Reconsider - "I move to reconsider the vote on the motion to buy a new television" (in order on same day as original vote or on the following day only).

## **ELECTIONS**

An organization's by-laws normally set forth the date for elections, the method of nominating candidates, the procedure for voting, the period for holding office, the quorum, and the votes required to elect.

## **NOMINATIONS AND VOTING**

1. Nominations:
  - a. By committee.
  - b. By ballot.
  - c. From the floor.
2. Closing nominations:
  - a. By motion and second and 2/3 vote (but doesn't prevent write-ins).
  - b. Nominations may be made even after the closing (thus the process of closing is really superfluous).
3. Voting
  - a. Voice vote (viva voice).
  - b. Show of hands.
  - c. Ballot or polling. We use online polling via text messaging.
  - d. Rising.
  - e. Unanimous-consent procedure (if there be no objection).

## **BETTER MEETINGS**

Parliamentary law is a system of rules designed to facilitate business meetings in an orderly manner. They are common sense suggestions that help the membership make their organizations more effective.

## **PRESIDING OFFICERS**

Know the rules and you will preside with ease and confidence. Follow the rules yourself. Insist that everyone observe parliamentary principles to ensure harmony, legality, and achievement. Don't emphasize technicalities and forget principles.

Lead firmly, courteously, impartially.

1. Firmly - you must make certain decisions. "If there is no objection, we will have the report of the executive board later."
2. Courteously - never forget "please" and "thank you." "I'm sorry, but you're out of order. As soon as the chair states the motion, you may speak on it."
3. Impartially - "We've heard three speakers who favor this motion. Let's hear from someone who opposes it."

Help a member state his motions clearly. Restate the motion yourself if it is confusing. If a member says, "I move that all dog owners be required to have muzzles on them whenever they appear in the streets," and after a second is heard the chairman might say, "It has been moved and seconded that all dogs be required to wear muzzles whenever they're allowed to run loose. Does that express your idea, Mr. Thomas?" Keep the meeting moving steadily ahead. Hold members to time limits - "Pardon me,

---

Mr. Fuller, your time is up. Mr. Jones, you may have the floor." Keep members on the subject - "The question is shall we publish a magazine. Please speak only on this point." State motions and take votes promptly - "If no further discussion, those in favor say aye."

Don't allow "railroading." Member: "I nominate Mr. Everett and move that nominations be closed." Chairman: "Your motion to close nominations is out of order until others have had an opportunity to nominate. Are there further nominations?" Create a warm and friendly atmosphere, which promotes discussion. Encourage the shy member - "Several other members have studied this problem. What do you think of this plan?" Discourage the member who talks too much or too often - "Just a moment, Mr. White, I'd like to recognize someone who hasn't spoken."

Don't permit personalities in discussion. Confine speakers to issues only - "Mr. Blake, your last remark is out of order. You may talk against this revision all you wish, but you cannot reflect on the motives of the committee."

## **MEMBERS**

Understand parliamentary rules and know your rights. Then you take part with confidence and no one can push you around. Parliamentary procedure follows common sense rules and principles of law applied to meetings. It is easy to understand and use. It works magic in meetings.

Think and work constructively. You can build up or tear down your organization. If the programs are poor, don't walk away muttering - make some good suggestions to the program committee. If they're not accepted, try to get on the committee yourself next year and build programs that appeal to the members.

Phrase your motions carefully. Think them through. Poorly stated motions cause confusion, require amendments, and waste everybody's time. Test your motion. Is it:

1. Clear and definite? Not like this - "I move that we do not favor the refusal of the council not to allow the park to be used for concerts, which are not free."
2. Workable? Not like this - "I move we cut down noise by prohibiting barking of dogs."
3. Complete? Not like this - "I move we greatly enlarge our membership." Add how and by how many.

Encourage your fellow members. Showing appreciation costs you nothing, but it makes you and the other fellow feel good all over. Congratulate the chairman who prepared a good program, the speaker who gave a stimulating talk, the member who drove 30 miles to be at the meeting.

Participate. It isn't your duty to speak unless you want to. It is your duty to listen, weigh arguments, and vote. Members who listen carefully, consider thoughtfully, and vote are valuable contributors. A vote can be as eloquent as a speech.

Support the right of the majority to decide and to carry out their decisions. Protect the right of the minority to be heard and to oppose. If you follow these principles, you will progress steadily and with unity of purpose.

Offer leadership, even though you hold no office. In every organization there are important leaders without title. Mr. Everett's judgment is always sought. He leads in decision-making. Mrs. Harrison is

usually the first to speak up when volunteers are called for. She leads the volunteers. Mr. Hughes smooths ruffled feelings and explains misunderstandings. He leads intact.

Attend meetings regularly. Meetings are the powerhouses where plans are generated. Every member who attends contributes. If you stay away, come late, or leave early, you have no right to criticize what the other members did.

Accept and support the decision of the majority. A majority vote, once taken, becomes the legal decision of all. It is your decision, too. Help give it a fair trial. If the vote goes against your beliefs, you will not lose face if you about-face and help. Like this - "Mr. Chairman, I fought against the motion just passed. It won. Now that we've decided to build a new clubhouse, put me down for a hundred dollars to start the fund."

## **COMMITTEES**

In contrast to the formality of procedure used in business meetings, committee meetings are usually conducted in an informal manner. While committees are not limited as to membership and many number 50 or more, most committees are composed of from four to eight members. When the committee is small (four to eight members), formal parliamentary procedure is abandoned in arriving at a group decision. During these informal discussions, a formal motion, a second, a discussion, and a vote are not necessary when the decision can be reached quickly by unanimous consent procedure. However, even in a committee meeting, if a subject is controversial and spirits rise, the chairman may have to resort to formal procedure in order to control and guide the group.

## **CHARACTERISTICS OF A COMMITTEE MEETING**

1. Start and finish on time.
2. Speaker not required to stand.
3. Recognition not required in order to speak.
4. Chairman participates as freely as any other member, but adheres to schedule.
5. Discussion neither limited nor suppressed.
6. Matters are discussed without any motion.
7. Formal motion, second, etc., are not usually necessary. Most decisions made by unanimous consent of members.
8. Formal procedure invoked when necessary.

## **TYPES OF COMMITTEES**

1. Standing committees (constitutional)
2. By authority of the constitution.
3. Appointed, elected, or ex officio members.
4. Permanent.
5. Report made in order named in constitution.
6. Special committees
7. Created for special reason or problem.
8. Membership by motion, appointment, election, or ex officio.
9. Temporary.
10. Those functioning longest report first.

## **THE COMMITTEE REPORT**

---

1. Form (oral or written).
2. Content (statement of meetings, summary of facts only of investigation).
3. How presented (usually by chairman when committee is called).
4. Disposition of - "received" or "received and filed with Secretary." Chairman makes it clear that recommendations be taken by assembly only on separate formal motion, one at a time.

### **COMMITTEE CHAIRMEN**

1. Call the meeting to order.
2. Start discussion with a few comments on the nature of the committee's problem.
3. Keep on the track. Avoid small talk. Follow the agenda.
4. Do not talk too much; draw out the quiet members.
5. Help members enjoy working on the committee by getting things done. People avoid committees that waste their time.
6. Save everybody's time by bringing the tools for the committee's work. These will help:
  - a. A copy for each member of the list of committee members, with addresses and phone numbers.
  - b. A written statement of the committee's job, its duties and powers.
  - c. Instructions from the president or organization.
  - d. Reports of previous committees or other useful material.
  - e. Rules/policies of the organization that apply to committee's job.
7. Encourage but don't boss. Committees are created because a group decision is wanted. Don't try to decide everything yourself.
8. Be informal. In committees, no seconds are required, speakers are not limited, the chairman can make motions and talk, too.
9. Divide the work. Appoint subcommittee if needed. Give everybody a job.
10. Let members share in preparing the report. Vote on it at a meeting of the committee, not on the telephone.
11. Take a vote on each committee recommendation. Submit them separately from the report.
12. Share credit with committee. If the committee has done a good job, ask members to sit on the platform while report is read or introduce them.

### **ESSENTIALS OF MINUTES**

1. Kind of meeting ( regular, special, etc.).
2. Name of organization.
3. Hour, date, and place of meeting; name and title of presiding officer.
4. Names of substitute officers.
5. Action taken on minutes of last meeting.
6. All motions and resolutions, whether adopted or lost (but not those withdrawn), with the names of the process.
7. Reports of boards, officers, and committees.
8. All required previous notices, such as notice to rescind, to reconsider, to amend the by-laws at the next meeting, and all proper points of order and appeals.
9. Any other action or proceeding worthy of record.
10. Hour of adjournment, signature, and title of secretary.

## 15 THE JUDICIARY

---

Argument shall consist of 3 to 5 cases, created by the Boys State Senior Leadership. Only citizens who have passed the Boys State Bar Exam will be permitted to act as attorneys. All cases will be argued before the full 7-member panel of the Boys State Supreme Court.

In Criminal cases, the Attorney General's Office will represent the State, and volunteer teams of private attorneys will represent the Defendant. In Civil cases, teams of private attorneys will represent Plaintiff and Defendant. Teams shall consist of 3 to 5 attorneys.

Each case will consist of a fact pattern, applicable statutes, and 5 major questions to be argued by the teams. Each major question may include one or more sub-questions. Each attorney shall argue at least one major question. Only one attorney may argue on a given question. Teams **shall not concede** any of the major questions. When forming teams, team leaders should also have team alternates to account for the possibility that a team member may receive another position in Boys State which they will be unable to leave to participate in argument. Preparation for argument may be done with other delegates outside the named team members.

Packets containing the cases shall be distributed at the first Bar Association Meeting. Fact patterns should be viewed as fully complete. Any questions or concerns about perceived missing facts should be brought to the attention of Senior Advisor Andrew Hall, no later than 24 hours before the scheduled time for argument of the case. If a modification needs to be made to a case, all parties will be notified by Senior Advisor Hall.

Each team shall be given 7 minutes to argue each major question. Time left over at the end of an argument may be reserved for rebuttal **on that question only**. The appellant (the party who appealed) shall go first on each question, followed by the Appellee (the party opposing the appeal), leading to the following format:

- Appellant's Primary Argument
- Appellee's Primary Argument/ First Rebuttal
- Appellant's Rebuttal
- Appellee's Second Rebuttal

Extensions of time on the argument of any given major question may be granted by the Clerk of the Court (Senior Advisor Hall), but only in extreme circumstances.

Any member of the Supreme Court may interrupt the argument, at any time, to ask questions of the attorney then speaking. The attorney shall focus on answering the question being asked before returning to his prepared argument. Attorneys shall not direct questions towards the Court. Attorneys may consult with other members of their team to answer the question of the court, but time shall continue to run.

Source material for arguments shall consist of ONLY the United States Constitution, as amended, Sections I and II of the Colorado State Constitution, as amended, and any applicable statutes given for the case at hand. Common Law principles and real-world case law DO NOT apply. Arguments shall focus on interpretation of the plain language of the source materials. Attorneys are, nevertheless, encouraged to research the existing case law on the presented major questions, and argue why existing real-world principles SHOULD apply to this situation, as if that principle were created by that attorney.

---

This means to explain both (1) why the principle is appropriate under the source documents, and (2) why it applies in this case. **Arguments under Amendment IX of the United States Constitution are specifically barred from this event.**

Following the completion of a major question, the members of the court shall consult, privately, and vote to determine which team won that question, based on quality of logic, argumentation, and presentation. The team which wins the most major questions, shall win the round, and will be recognized at the next General Assembly.

**DEFINITIONS that shall apply to ALL cases:**

**18-1-501(3)** - "Criminal negligence." A person acts with criminal negligence when, through a gross deviation from the standard of care that a reasonable person would exercise, he fails to perceive a substantial and unjustifiable risk that a result will occur or that a circumstance exists.

**18-1-501(5) - "Intentionally" or "with intent."** All offenses defined in this code in which the mental culpability requirement is expressed as "intentionally" or "with intent" are declared to be specific intent offenses. A person acts "intentionally" or "with intent" when his conscious objective is to cause the specific result proscribed by the statute defining the offense. It is immaterial to the issue of specific intent whether or not the result actually occurred.

**18-1-501(6) - "Knowingly" or "willfully."** All offenses defined in this code in which the mental culpability requirement is expressed as "knowingly" or "willfully" are declared to be general intent crimes. A person acts "knowingly" or "willfully" with respect to conduct or to a circumstance described by a statute defining an offense when he is aware that his conduct is of such nature or that such circumstance exists. A person acts "knowingly" or "willfully", with respect to a result of his conduct, when he is aware that his conduct is practically certain to cause the result.

**18-1-501(7) - "Omission"** means a failure to perform an act as to which a duty of performance is imposed by law.

**18-1-501(8) - "Recklessly."** A person acts recklessly when he consciously disregards a substantial and unjustifiable risk that a result will occur or that a circumstance exists.

**18-1-501(9) - "Voluntary act"** means an act performed consciously as a result of effort or determination, and includes the possession of property if the actor was aware of his physical possession or control thereof for a sufficient period to have been able to terminate it.

**18-1-502 – Requirements for criminal liability in general and for offenses of strict liability and of mental culpability.** The minimum requirement for criminal liability is the performance by a person of conduct which includes a voluntary act or the omission to perform an act which he is physically capable of performing. If that conduct is all that is required for commission of a particular offense, or if an offense or some material element thereof does not require a culpable mental state on the part of the actor, the offense is one of "strict liability". If a culpable mental state on the part of the actor is required with respect to any material element of an offense, the offense is one of "mental culpability".

***Any references in the cases to the 51st State Constitution are referring to the text of the Colorado Constitution.***
